

# Absorbent Wipers+

Disposable dry wipes with more strength and absorbency

## Strong, absorbent and soft

In healthcare and residential facilities, cleaning is a frequent and vitally important task. Now Medline has created these durable Absorbent Wipers+ to tackle every sort of cleaning task facility-wide. They're ideal for:

- General housekeeping and spills
- Surface clean up
- Incontinence clean up

## More absorbency and strength\*

Based on lab testing, Medline Absorbent Wipers+ outperform competitive high absorbency wipers on important attributes like absorbency and strength. But where they make the biggest difference is in your facility—where using fewer, stronger cloths adds cost-efficiency while simplifying clean up.

	Greater absorption	More tear strength, dry	More tear strength, wet	More stretch before breaking
Absorbent Wipers+	✓	✓	✓	✓
Leading competitor
