

BioCon[®] HandHeld Ultrasound Bladder Scanner

Quickly and noninvasively measure bladder volume.

Our portable, lightweight bladder scanner improves workflow efficiency by helping hospital staff to perform bladder scans more quickly and accurately with reduced disinfectant processes.

- Industry-leading ± 10 accuracy
- 23 cm scan depth
- High-quality touch screen
- Barcode scanner and printer (included on 900SB model)
- All-inclusive 5-year warranty

BladderPoint[®] technology easily locates the center of the bladder in real time. And with one click, the 3D point-and-shoot scan process eliminates user errors from probe rocking.
