#1 in healthcare incontinence products

Your big picture partner

Medline has the resources to deliver quality-made products when you need them. Experience the peace of mind that comes with knowing we manage the entire process from the moment a product is made to the second a box arrives at your door – directly from our door to yours.

Medline is the largest manufacturer and distributor of medical supplies. We focus on technologies that drive both quality and cost efficiency at every point in the supply chain. So, you can trust that you're getting the best quality products and solutions for the best possible price.

Direct-to-customer savings

Medline sells products directly from our factory to you; assuring you Medline quality, plus better prices – because we pass the savings on to you.

Customers come first

Our quality metrics make sure every product that goes out the door is one we would use for a friend or family member of our own.

Proudly made in the USA with domestic and foreign materials.

Incontinence solutions designed to improve care

Medline has developed products to meet the clinical needs of any incontinent individual, whether they live at home or in a long-term care setting. Dignity, dryness and comfort are part and parcel of every product we provide.

A product for every need

Briefs
Heavy bladder and bowel incontinence.

Protective Underwear
Light to heavy bladder incontinence

Bladder Control & Feminine Hygiene
Light bladder leakage and menstrual protection

Liners & Pants
Heavy bladder and bowel incontinence

Underpads
Procedures and surface protection

Ultrisorbs®
Open to air incontinence management

Baby & Youth
Diapers and wipes for the little ones

Wipes & Skin Care
Wipes, cleansers, barriers and protectants

Uniquely designed with resident comfort in mind

Optimal comfort comes from market-leading innovation. That's why FitRight created the OptiFit™ Solution to improve fit, increase breathability and provide maximum protection against leakage with the utmost discretion.

#1 brief
used in long-term care settings*

OptiFit™ construction provides the **best possible fit**

Improves outcomes with a **well-balanced microclimate**

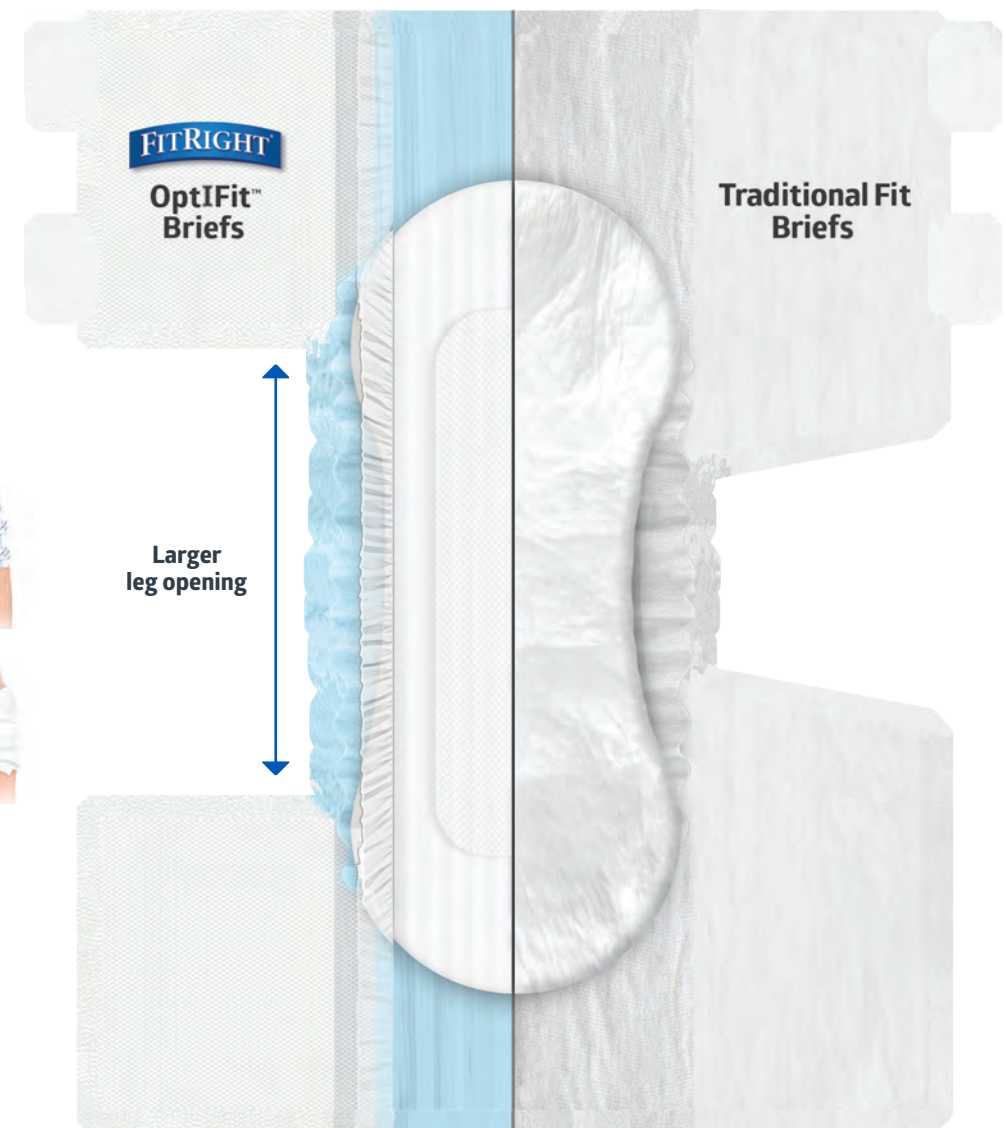

Large leg openings for **ideal air flow**

The OptiFit™ design promotes better air flow and comfortable ease of movement.

Briefs

Briefs

FitRight Briefs feature a unique core that helps address key incontinence concerns by wicking away moisture, guarding against odor and keeping skin dry to help maintain skin integrity. Explore our various designs to find the brief best suited to each individual's needs.

Recommended for those who:

- Have heavy bladder and bowel incontinence
- Are bed-bound and require a high level of caregiver assistance
- Need containment and maximum moisture protection
- Pair briefs with [Double Up Booster Pads \(page 40\)](#) for added absorbency

Brief Types

OptiFit™ Briefs

Our OptiFit™ Briefs provide the best possible fit for each resident while offering a soft, garment-like feel. Refastenable, skin-safe closures hold securely, and are easy to reposition.

EasyFlex™ Stretch Briefs

With a large back panel for extra backside coverage, two-way stretch and a large single tab, our EasyFlex Stretch Briefs are easy to apply and comfortable to wear. And, like all our FitRight Briefs, they do a superior job of wicking away moisture and absorbing odors.

Leak-Stop™ Guard Briefs

Prevent fecal leakage up to 300% better* using FitRight Briefs with Leak-Stop Guards. Designed to better contain urinary and fecal incontinence.

Extended Wear™ Briefs

Our Extended Wear Briefs have a high-performance core designed to keep individuals dry for long periods. They feature a breathable film that allows airflow for an optimal microclimate for skin, plus soft Leak-Stop™ Guards for protection and containment.

Specialty Size Briefs

With a high-capacity core, our Specialty Size Briefs bring all the benefits of FitRight to discreetly accommodate a range of individuals – including flexible stretch panels for a secure, comfortable fit, cloth-like outer cover and skin-safe closures.

Connect™ Briefs

Special briefs for use with wetness sensing system to alert caregivers via Wi-Fi when a change is needed.

Connect™ Briefs

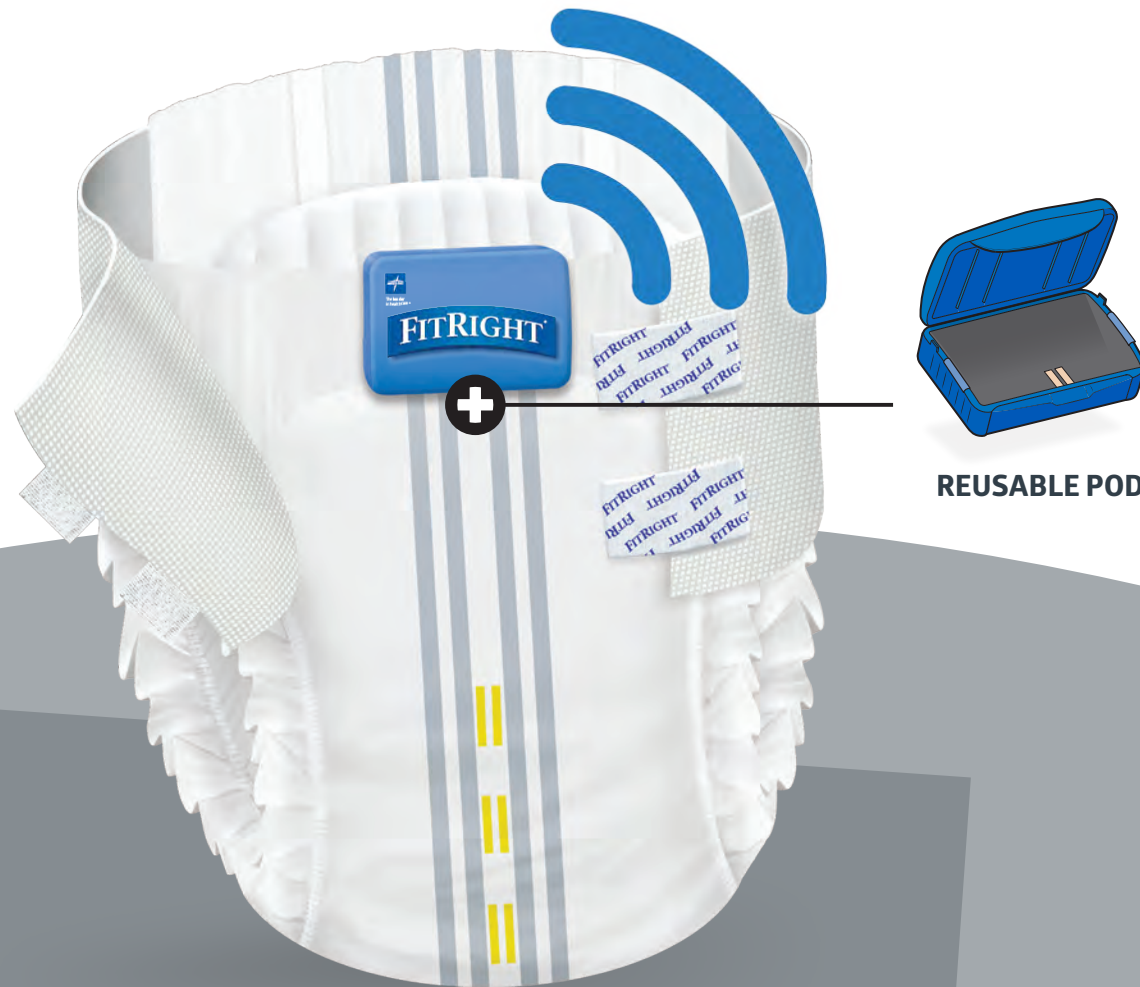

FitRight Connect™ is a wetness sensing system that detects wetness and signals a caregiver via a smart tablet when it is time to change a resident's brief.

Core Benefits:

- Helps protect patient's skin health by reducing the amount of time spent in a wet brief
- Save staff time spent checking & changing residents into dry briefs
- Improved resident satisfaction with less disturbances

Wetness Sensing

Protective Underwear

Underwear

Made for ambulatory individuals, Medline underwear features Leak-Stop™ Guards, moisture-wicking technology and reduced chafing and sound when in motion. Discreet and disposable, they provide exceptional comfort, worry-free containment and can be pulled on and off just like normal underwear.

Recommended for those who:

- Have light to heavy bladder incontinence and/or occasional bowel incontinence
- Want discreet protection that fits and feels like everyday underwear
- Can walk on their own but may need occasional assistance
- Pair protective underwear with **Double Up Booster Pads** (page 40) for added absorbency

Liners & Pants

Liners

Using a liner with fixation pants — or a patient’s normal underwear—is an ideal solution for those who self-toilet or are involved in a bladder and bowel program. Offering high absorbency and leak and odor protection, our liners function like a brief, and are comfortable and discreet.

Recommended for those who:

- Experience heavy bladder and bowel incontinence
- Are bed-bound or ambulatory
- Need containment and maximum protection against moisture

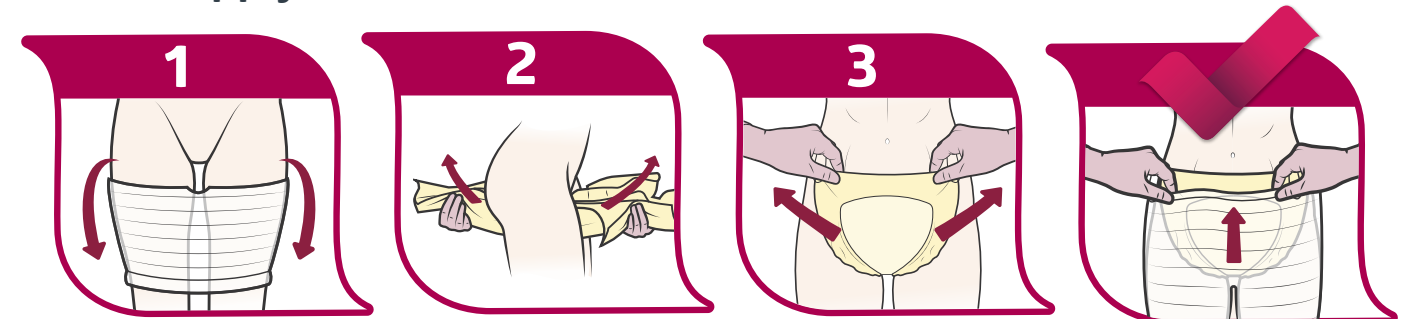

Available Features

Extra	Ultra	Extended Wear
	✓	✓

 **Leak-Stop™ Guards**
Soft anti-leak guards for extra protection

How To Apply

1
Fold down knit or mesh pants (turning inside out) so waistband is below leg openings.

2
Fold liner lengthwise and pull up between legs, then pull up front and back.

3
Spread liner evenly in front and back for maximum coverage.

4
Pull up knit or mesh pants by waistband to hold liner in place and adjust as needed.

Underpads & Ultrasorbs®

Underpads

Disposable underpads provide moisture protection for a variety of surfaces. They feature a high-absorbency core that helps control odors and their polypropylene backing prevents fluid from passing through the pad.

Recommended uses:

- Protecting bedding and furniture
- Use in clinical procedures
- Wheelchair seats
- IV starts

Extended Use

FitRight Extended Use Underpads

This hybrid, cost-effective design offers exceptionally high absorbency — helping keep skin dry and protected to reduce the risk of costly, negative outcomes.

- Disposable underpads feature combination of a fluff and quilted core for high absorbency and odor control
- Polypropylene backing prevents fluid from passing through the pad

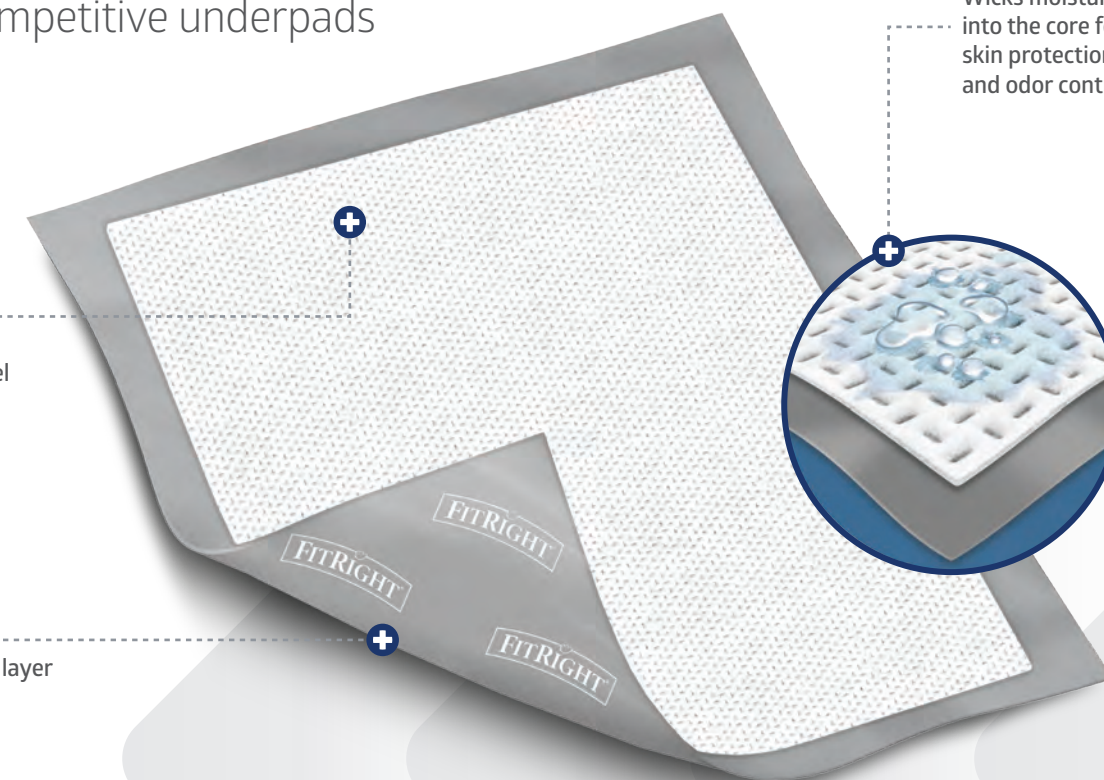

Item No.	Description	Color	Pkg.
FPU2336	23 x 36" (58 x 91 cm)	Gray	10/bg, 70/cs
FPU3036	30 x 36" (76 x 91 cm)	Gray	5/bg, 70/cs

5X more absorbent than competitive underpads

Medline® Ultrasorbs®

Ultrasorbs premium underpads fight skin breakdown with powerful absorbing technology.

Ultrasorbs are made to maintain skin dryness, control odors, and enhance comfort. The superabsorbent core quickly wicks moisture away from the skin, while the breathable, air-permeable backsheet boosts cooling airflow—making Ultrasorbs ideal for open-air incontinence management. Other advantages include an AquaShield film to contain fluids and higher weight capacity options for easier boosting and repositioning. They're also suitable for use with specialty mattresses.

Medline's Ultrasorbs portfolio includes a variety of options to help your team manage moisture.

SWW720	99% Water, Plant-based Cloth, Flip-Top Lid	60/pk, 12 pk/cs

The background is a solid teal color. A grid of small white chevrons (pointing right) is arranged in horizontal rows across the left and center. On the right side, there are two overlapping abstract shapes: a larger, lighter teal shape with a rounded top and a diagonal cutout, and a smaller, darker teal shape that fits into the cutout. The text 'Wipes & Skin Care' is positioned in the white space of the darker teal shape.

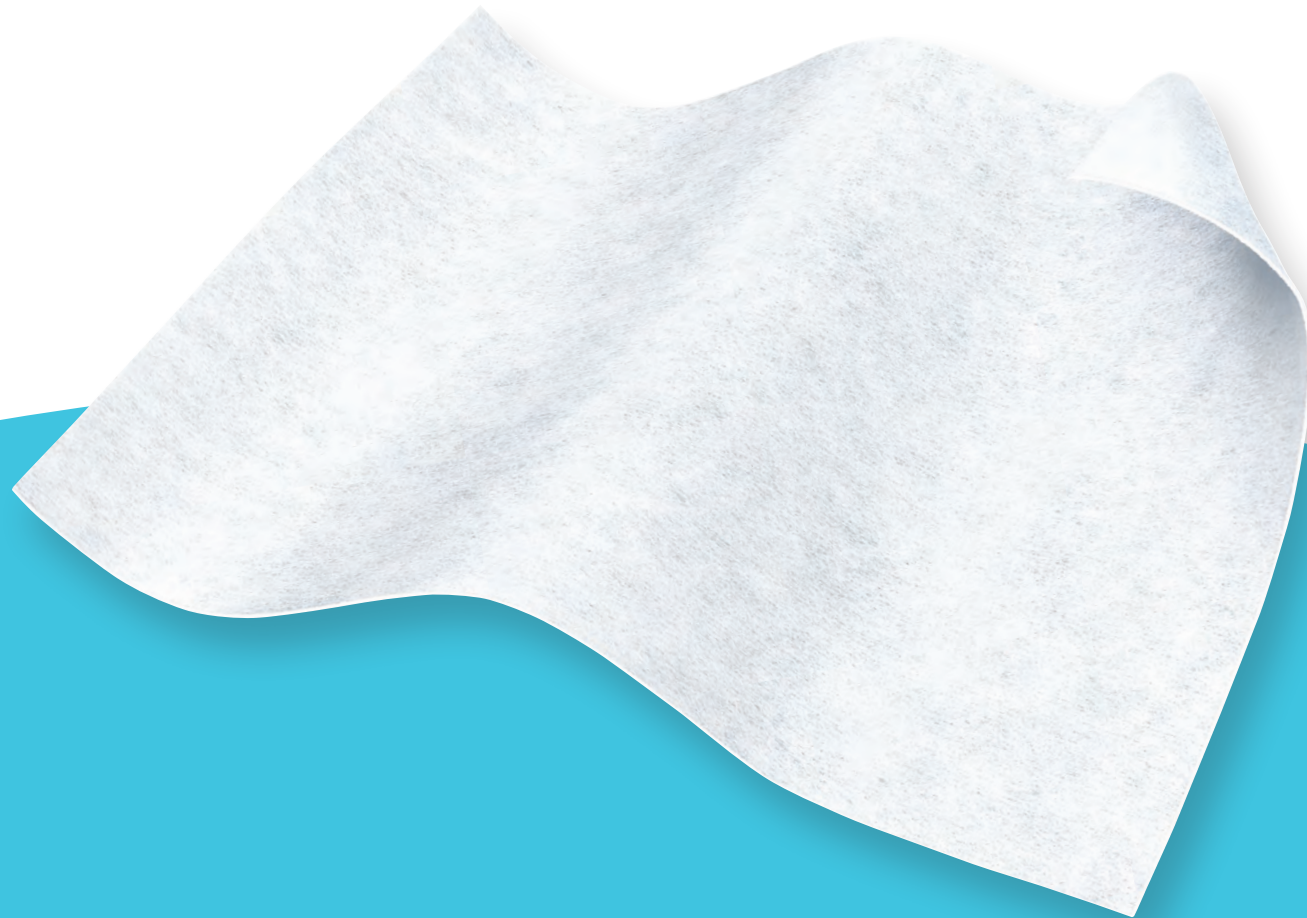

Wipes & Skin Care

Wet Wipes

As the market leader in personal cleansing cloths, we're sure to have the right product to suit every individual. Choose from our selection of wet, dry and flushable cleansing cloths that are soft, gentle on skin, and disposable to help reduce risk of cross-contamination.

Recommended for:

- Fast, efficient personal cleansing, incontinence clean-up and general cleaning
- Single-use wipes to help prevent cross-contamination
- Soft and gentle for use on sensitive skin
- Hypoallergenic

pH Balanced

Hypoallergenic

Reduces Odors

Moisturizes & Soothes Skin

Enriched with Soothing Aloe

Biodegradable & Dispersable (Flushable)

Nonflushable Wet Wipes

Experience the highest standards of care with aloe-enriched, pre-moistened cleansing cloths. Each cloth gently cleans, moisturizes and helps reduce odors.

- Full-sized, standard weight, durable wet wipes
- Ideal for everyday clean-ups and incontinence care
- Single-patient use wipes help reduce the risk of cross-contamination

Dry Wipes

Every day, healthcare providers face a wide range of messes. The selection of clean-up options is even wider – and choosing the right one takes time. Our collection of multi-purpose dry wipes is the clean-up solution you don't have to think about. Soft, durable and endlessly versatile, they're the go-to for healthcare providers across the industry.

Recommended for:

- Incontinence cleanup
- Applying ointments, creams and protective barriers
- Pericare and bathing
- Use on fragile skin, where rough terry cloth may cause irritation
- General cleaning

Growing your business

Medline has developed incontinence solutions, not only for healthcare facilities, but also for HME providers who serve their communities. We strive to bring value to our HME partners far beyond shipping boxes.

A trusted healthcare brand that isn't sold in big box stores

- ✓ Case and bag packaging to maximize allowables and reimbursement
- ✓ Drop-ship programs that allow you to use our warehouses as your own

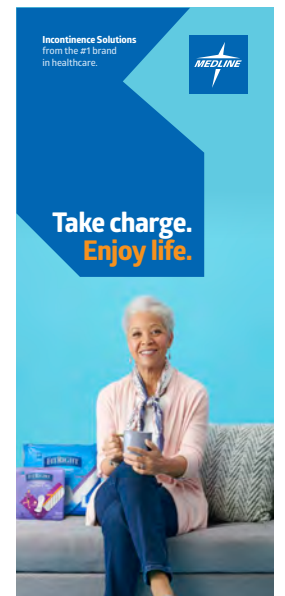

Retail solutions

such as planograms and in-store displays

Customizable sales and marketing tools

to help you grow your business

The Incontinence Change Management Program

This program gives HMEs a change that can help unlock new possibilities for growth, operational excellence and customer satisfaction. Beyond innovative products and unmatched supply chain excellence, our **Change Management Program** offers a complete customized conversion strategy proven to enhance customer experience with minimal disruption.

Here's our 4-step conversion process from start to finish

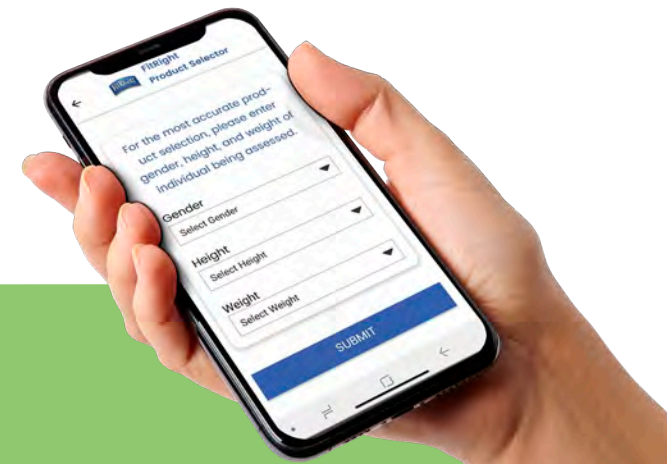

1. Assessment and transition planning— Define success metrics with a plan that minimizes disruptions and creates a positive experience for the customer.
2. Training and education — Provide in-depth training for staff, plus, product literature and videos for customers and staff to foster collaboration and ease of conversion.
3. Implementation— Precisely execute plan to minimize disruption, increasing customer engagement with a personalized letter and complementary product.
4. Monitoring and fine-tuning— Assess results and adjust as needed to optimize ongoing processes and to remain responsive to changing customer needs.

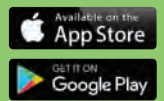

The FitRight App for customers makes everything easy

For your staff, caregivers, and the user themselves, our app makes it easy to get the right product with the right fit every time. Simply download the free app to get started. No usernames or passwords are required. In minutes, you and your customers will have all this information at your fingertips:

- Instructions for size measurement
- Guidance for product selection
- Application guides
- Troubleshooting videos and more

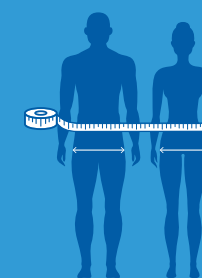

Download the **FitRight app** now

Sizing has never been easier

Using the FitRight Tape Measure, measure hip-to-hip across the front of the body.

By color: Look for the color-coded size right on the tape.
Example: Blue = Large brief

By number: Add 2" to your measurement then multiply by 2.
Example:
 $16" + 2" = 18" \times 2" = 36" = \text{Medium brief}$

Spend reduction options at your fingertips

The FitRight Navigator® tool offers you 24/7 digital support backed by industry-leading clinical expertise. It makes it easier for staff to select the right products and provide best-practice care for their residents by delivering actionable recommendations that positively impact outcomes.

“ We were able to save our facility a lot of money because all our **residents were being put into the correct fitting brief.** ”

- Tammy Harper RN
Skilled Nursing Facility in GA

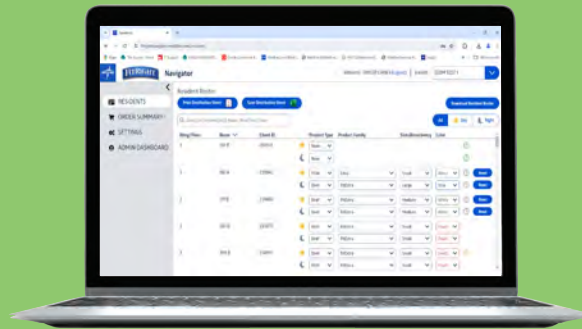

FitRight Navigator®— a better way to manage incontinence care

As a healthcare provider, you're on a mission to deliver high-quality care with constantly changing regulations, lower reimbursements and strong pressures to cut costs.

The online FitRight Navigator evaluates residents to ensure they're in the right product and the right size, helping increase efficiencies and reduce costs.

Monitor every aspect of incontinence care

Integration with your EMR system

Automated size and product selection

Comprehensive metrics for cost management

Insights into utilization data and trends

Making trials simple and easy*

Here's how they work

BEFORE KICKOFF

Our team facilitates communication between customer and PointClickCare® to integrate resident data into the Navigator tool. Once complete, access is granted to all facility users.

DAY 1

Following team introductions, we'll provide a complete Navigator educational session and a full demo.

DAY 5

By day 5, the customer will submit their first benchmark to gauge results and look for opportunities for improvement.

DAY 10

Facility compliance should be on the rise with a decrease in number of residents in oversized briefs.

DAY 30

A Medine Navigator specialist will contact your facility to assess progress, troubleshoot and help optimize your approach.

*Schedule can be adjusted to meet your specific needs.

A team of trusted clinicians

We work with you to make sure your staff has the knowledge and skills to provide the best incontinence care possible with:

- Product in-services, training and education
- Product-use analysis and system integration
- Clinical evaluations

“ I know every week what I am going to order. **I love the FitRight Navigator Tool.** ”

- Tammy Harper RN

Ask your Medline Representative for a live demo.
