

# HeelMedix® Advanced Heel Protector

Medline's HeelMedix® Advanced, designed with the help of clinicians, offers supreme offloading and foot drop protection as a vital part of your pressure injury prevention program.

- Offloads the heel and helps redistribute pressure on vulnerable heels
- Lining coated with an antimicrobial treatment to help inhibit odor-causing bacteria
  - The product does not protect users or others from disease-causing bacteria. Always clean according to instructions for use.
- Straps pull down on sides to help protect against foot drop
- Inner lining helps reduce friction and shear; half the friction of Sage's equivalent product<sup>1</sup>
- Includes mesh laundry bag to simplify washing and sorting

**Did you know?**  
A study found that clinicians applied HeelMedix® correctly **100%** of the time, both with and without instructions.

**HeelMedix® Advanced features an intuitive design for easy application:**

- Educational packaging
- Color-coded strap system helps to ensure proper placement
- Instructional screen printing
- Color-coded DVT tubing ports for easy facility standardization
