

Traditional wound care

Patient care essentials

Quality, value and innovation in wound care

You're challenged daily to care for wounds, helping patients heal and avoid infection. You need high quality, high performance products. We can help.

Our extensive wound care portfolio offers an array of options to meet your needs—from gauze bandages and specialty dressings to tapes and adhesives.

We're always looking for ways to improve our products through innovation. Whether you're looking to reduce cross-contamination, save space or improve efficiency, we have just what you need. Here are a few of our latest innovations:

- Gauze pads with rulers right on the packaging to save clinicians' time
- ABD pads are folded in thirds rather than halves to save space
- Our Bulkee® gauze roll is ultra soft with more crimps per inch for better stretching and greater patient comfort

Our products deliver top level performance and quality in the industry—and they're smartly priced.

A tiered product approach for every need

Medline's Premium products are the most feature-rich items that we carry. Medline Essentials are of comparable performance, but designed to be the most cost effective.

NON27496

Conforming Stretch Gauze Bandages

- Lighter weight bandages gently secure to body contours, especially hard-to-wrap areas, without restriction of movement and accommodate an increase or decrease in swelling
- Finished edges and constructed weave help eliminate unraveling and lint, while improved fill helps maintain cling, allowing bandages to stay in place
- 100% polyester gives the bandages one-way stretch memory when applied
- Patient-safe dressings apply neatly
- Ideal for secondary dressing applications

NON25442	4" x 4" (10.2 x 10.2 cm), 100/sleeve	2000/cs

Abdominal (ABD) Pads

(not made with natural rubber latex)

- Features extra absorbency and wicking for heavily draining wounds.
- Soft non-woven outer layer quickly wicks fluid to a cellulose center
- Cellulose quickly absorbs and disperses fluids laterally to prevent pooling
- Hydrophobic back impedes strike-through
- Sealed edges prevent linting

Fiberglass Casting Tapes

- Water-activated polyurethane resin lets clinician control the setting time
- Sealed end technology to avoid potential fraying
- Easy to use formulation; fresh fragrance makes application process a better experience for both staff and patients
- Conforms well to contours for a more comfortable fit
- Allows for penetration by X-rays to monitor healing; not made with natural rubber latex

Item No.	Description	Pkg.

Elastic Net Retention Dressing

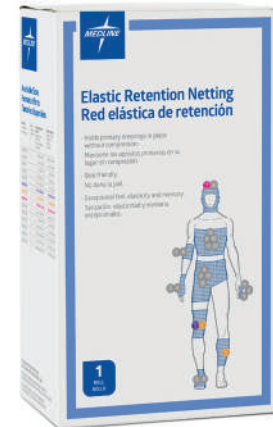

Compare to Surgilast**

- Rayon/polyester knit, resistant to body oils and perspiration
- Holds dressings in place without compression; easy to cut and molds itself to body contours
- Allows for easy examination of wound area
- Perfect for fragile, at risk-skin, or patients with tape allergies
- Not made with neoprene or natural rubber latex

**Elastic nets are your
tape alternative to hold
primary dressings in place**

CURAD® Sensitive Skin Paper Tapes

- Revolutionary gentle adhesion
- Adhesive is present only on every alternate wave
- Unique wave pattern provides plenty of surface area for the tape to stick, yet the smaller amount of adhesive is gentler to the skin when the tape comes off
- Gaps in the adhesive also allow for breathability
- Not made with natural rubber latex

Item No.	Description	Pkg.
NON260002E	2" x 10 yd (5.1 cm x 9.1 m)	6 rolls/bx, 12 bx/cs, 72 rolls/cs

We make healthcare run better™

In a complex healthcare world, Medline's mission is to help our customers achieve clinical and financial success. We do that through a personalized approach to listen and better understand our customers' needs in an environment that tirelessly demands lower costs and better outcomes.

We are both a manufacturer and distributor with 1,500 direct sales representatives who are dedicated points of contact for customers across the continuum of care. Because of our capabilities and engagement with other clinical and industry thought leaders, we deliver the most robust product portfolio and patient-care solutions to help healthcare providers perform at their very best.

We make healthcare run better™
