

Traditional wound care cross contamination prevention solutions

Innovative packaging options designed to help reduce cross contamination

Limiting the risk of cross contamination for your patients and residents has never been more crucial. That's why we're introducing new products and packaging options designed for single-patient use and reduced quantities for many of our traditional wound care supplies.

Adhesive tapes: CURAD short roll

- Flexible and conformable surgical tapes made for single use
- 1.5 yd in length compared to the traditional 10 yd
- Hypoallergenic, not made with natural rubber latex
- Single-use: the right amount, just for your patient

| Item no. | Description | Pkg. |
|------------|--|--------------|
| NON270001S | Paper adhesive tape, 1" x 1.5 yd | 500 rolls/cs |
| NON270201S | Transparent adhesive plastic tape, 1" x 1.5 yd | 500 rolls/cs |
| NON270202S | Transparent adhesive plastic tape, 2" x 1.5 yd | 250 rolls/cs |

Cohesive bandages: short roll

- Self-adherent wrap, will stick to itself but not to skin, hair or dressings
- 1 yd stretch length for single use compared to the traditional 5 yd stretch length
- Used as a secondary dressing to retain primary dressings without tension
- Not made with natural rubber latex
- Single-use: the right amount, just for your patient

| Item no. | Description | Pkg. |
|------------|--|--------------|
| PRM088001S | Non-sterile cohesive bandage, tan, 1" x 1 yd | 124 rolls/cs |
| PRM088002S | Non-sterile cohesive bandage, tan, 2" x 1 yd | 72 rolls/cs |
| PRM088003S | Non-sterile cohesive bandage, tan, 3" x 1 yd | 48 rolls/cs |
| PRM088004S | Non-sterile cohesive bandage, tan, 4" x 1 yd | 36 rolls/cs |
| PRM088006S | Non-sterile cohesive bandage, tan, 6" x 1 yd | 24 rolls/cs |

Adhesive bandage: CURAD Quick Strip™

- Pull-open wrapper for fast, hygienic application
- No-touch application eliminates clinician need to touch back of bandage and reduces waste
- Made of strong, durable plastic
- Also available in fabric

| NON25500QS | Plastic sterile adhesive bandages, ¾" x 3" | 1,200/cs |
| NON25600QS | Plastic sterile adhesive bandages, 1" x 3" | 1,200/cs |
| NON25650QS | Fabric sterile adhesive bandages, ¾" x 3" | 1,200/cs |
| NON25660QS | Fabric sterile adhesive bandages, 1" x 3" | 1,200/cs |

NON25600QS

Elastic netting: pre-cut

- Spandex/polyester knitted elastic net tubes hold dressings, feeding tubes and sleeves in place and reduce wound dressing time
- The soft, open weave does not constrict
- Ideal for patients with fragile, geriatric, at-risk skin, or those allergic/sensitive to tape
- Already pre-cut and individually sized in order to prevent cross contamination from using the same roll with different patients
- Easy to use

| Item no. | Description | Pkg. |

NONNET924P

Woven gauze sponges: non-sterile, 100% cotton

- Ideal for wound dressings, wound packing and general wound care
- Easy-open envelopes are carefully sealed to block dust and contaminants
- H-fold design helps minimize loose threads and lint
- 50-pack gauze designed for single patient, bed-side use to limit cross-contamination

| Item no. | Description | Pkg. |
|------------|-----------------------------|-------|
| NON25408HH | 8 Ply, latex-free, 4" x 4" | 50/pk |
| NON25412HH | 12 Ply, latex-free, 4" x 4" | 50/pk |
| NON25416HH | 16 Ply, latex-free, 4" x 4" | 50/pk |
| NON25812HH | 12 Ply, latex-free, 8" x 4" | 50/pk |

NON25408HH

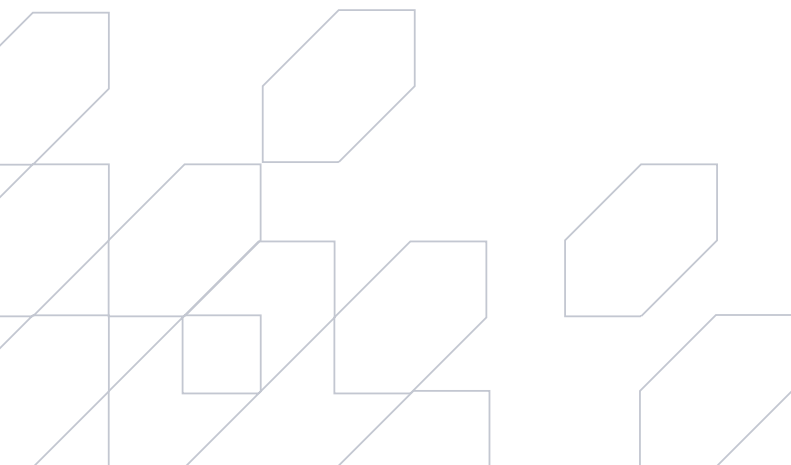

Woven gauze sponges: sterile, 100% cotton

- Disposable ruler on woven gauze and cotton tip applicator packaging reduces the need for separate reusable device and helps eliminate risk of cross contamination
- Ideal for wound dressings, wound packing and general wound care
- Easy-open envelopes are carefully sealed to block dust and contaminants
- H-fold design helps minimize loose threads and lint
- Ruler on each package helps measure the wound and accurately prepare gauze sponge for application to the wound

| Item no. | Description | Pkg. |
|----------|-----------------------------|----------|
| NON21420 | 8 Ply, latex-free, 2" x 2" | 3,000/cs |
| NON21422 | 12 Ply, latex-free, 3" x 3" | 2,400/cs |
| NON21424 | 12 Ply, latex-free, 4" x 4" | 1,200/cs |
| NON21448 | 8 Ply, latex-free, 4" x 4" | 1,200/cs |

NON21422

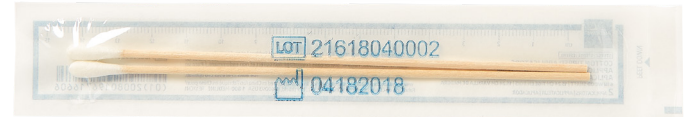

Cotton tipped applicators

- Durable and reliable tightly wound cotton heads
- Manufactured to uniform length and shape
- Choose from sterile or non-sterile
- Ruler on each package helps measure the wound and accurately prepare the applicator for the wound
