

Self-adherent wraps

A comprehensive line for the continuum of care

**A wrap
for every
need**

Protect patients with a strong yet gentle wrap

Skin injuries can provide unique and complex challenges. That's why we offer a comprehensive portfolio of skin-friendly, self-adherent wraps that have a strong adhesive that sticks to itself—but not to patients' skin, hair or other dressings. No pins or clips are required.

- Secondary dressing functions like a tape to retain dressings without tension around digits or limbs
- Promotes easy removal that won't damage fragile skin
- Comfortable, porous and lightweight construction
- Ideal for wrapping splints, gauze pads, IV and dressings
- Each bandage is individually wrapped

Choose from a comprehensive selection and streamline your supply chain with one source.

Color Packs, Non-Sterile, Self-Adherent Wraps

(Not made with natural rubber latex)

Item No.	Description	Pkg.
