

# Patient Slippers

Step up patient care, comfort, safety, and satisfaction with the right slippers for your facility.

Choose slippers based on your facility needs:

- ★ **Comfort the Sole™ (Premium):**
  - Premium comfort and slip resistant design
  - 50% thicker than double tread slippers with an added softening treatment
  - Double tread for added patient safety
  - Sizes available from child to bariatric
  - Also available in yellow

- ★ **Double Tread (Enhanced Features):**
  - Our best-selling, everyday slippers
  - Tread fused to the top and bottom for continuous grip
  - Sizes available from toddler to bariatric
  - Also available in yellow or red
  - Use color coded slippers for easy size and fall risk identification.

- ★ **Double Tread (Enhanced Features): Fall Risk Alert Slippers**

An ideal choice for fall prevention programs.

  - Double-tread slippers for at-risk patients
  - Discreetly alert staff to patients who may require additional care during their stay
  - Sizes available from child to bariatric

- ★ **Single Tread (Value Friendly):**
  - Tread fused to the bottom
  - Popular in Post Acute Care
  - Sizes available from infant to XXL and One Size Fits Most
