Bladder Scanners

BioCon™ 750 Bladder Scanner

Real-Time Bladder Targeting

Quickly and confidently locate the bladder for accurate urine volume measurement.

You shouldn't have to do multiple scans to get an acceptable result. BioCon 750 makes it easier than ever to find the bladder with two industry-firsts:

- » Proprietary BladderPoint™ technology puts a bull's-eye in the middle of the bladder
- » Pre-scan shows a live view of the ultrasound image right from the start

Dependable Performance

Reliability is designed into every BioCon 750.

- » Standard five-year warranty includes drop protection
- » Built-in self-diagnostics alert you of any hardware or maintenance issues
- » Tough polycarbonate casing promotes robust and uninterrupted service

Versatile Care

Accommodates various patient populations.

- » One-click, 360-degree measurement requires no probe rocking
- » Probe has a rear grip for easier use on bariatric patients
- » Can be used on pediatric patients

Staff Convenience

With BioCon 750, bladder scanning is quick, simple and efficient.

- » Data and images can be easily uploaded to any EMR system
- » Integrated thermal printer provides documentation at the push of a button
- » Onboard training guide walks staff through scanning technique
