

**DIAL IN COMFORT  
AND CONVENIENCE.**

**Radial Compression Band**

Easily and comfortably support vascular hemostasis.

**Easy single-handed use:**  
A simple turn of the dial adjusts pressure.

**Patient comfort:**  
Soft-touch band and compression pad feels comfortable throughout the procedure.

**Clear view:** Clear dial for easy monitoring of the access site.

**Compression control:** Bulb size and shape help minimize compression of surrounding areas.

# Hemostasis takes a turn for the better.

Take the guesswork—and the pressure—out of achieving hemostasis. It's never been easier with our radial compression band. At the simple turn of a dial, this device comfortably places pressure on the radial artery to stop blood flow. With a clear view of the insertion site, staff can easily monitor the process and adjust pressure as needed.

Item No.	Band Length	Pkg.
DYNJRADCOMP	10"	5/cs
DYNJRADCOMP	8.6"	5/cs
DYNJRADCOMPS	7"	5/cs

**Dial in hemostasis.** Contact your Medline Representative for more information.
