

# Medline disposable microfiber system

Wipe away cross contamination

## A magnet for microbes

You need a cleaning strategy that's effective, proven and affordable. Our disposable, low-linting microfiber cloths, mops and accessories promote infection control protocols you need in your facility now—offering exceptional cleaning results by helping to reduce cross contamination, while delivering exceptional savings.

Test results show that Medline disposable microfiber cloths perform comparatively to competitive microfiber cloths in removing soil and debris. Choose from a variety of disposable mop options depending on your needs.

### Versatile

Zigzag scrubbers provide streak-free dusting or wet cleaning; compatible with a wide array of cleaning solutions; quat and bleach safe<sup>1</sup>

### Convenient

Cloth dispenses from a compact, easy to open container; just throw away when done

### Affordable

Eliminates the upfront investment, laundry fees, tracking expenses and replacement costs of reusable microfiber
