

# Spill Kits

For safe and efficient spill response, McKesson Hazardous Drug and Fluid Solidifier Kits offer single-use, disposable components and are not made with natural rubber latex. Ideal for a wide range of professional environments—including hospitals, nursing homes, schools, correctional facilities, laboratories, and more—these kits help manage hazardous drug spills and bodily fluids with minimal exposure. Select kits feature Green-Z® or Red Z® solidifiers and meet relevant compliance standards, including USP 800 and OSHA 1910.1030.

## Features and Benefits

### Single-Use Convenience

Each component of the kit is disposable, single use

### Broad Facility Compatibility

- Hospitals
