

# Nasopharyngeal Airways

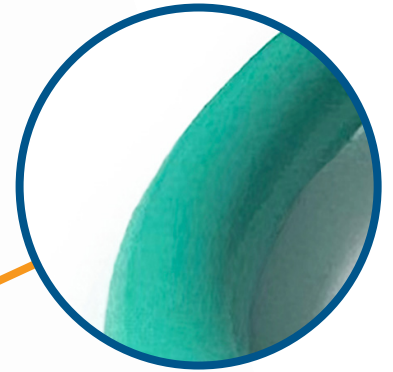

**MCKESSON**

McKesson Robertazzi nasopharyngeal airways and kits are designed for quick and safe airway patency without the need for intubation. These airways are crafted from a flexible, soft silicone material to help enhance patient comfort and help prevent damage to the nasal passage. Featuring a blunt tip and available in nine sizes, they accommodate a variety of airway types. Each airway is individually wrapped and sterile packaged.

## Blunt tip

Features a rounded bevel design for easy lead-in and gentle insertion

## Flexible silicone material

Soft material helps prevent damage to nasal passage and aid in patient comfort

## Trumpet design

For quick and safe airway patency without intubation

## Available in 9 sizes

Available in nine sizes to accommodate a variety of airway types

**Kits are ideal for crash carts**

**Individually wrapped - sterile packaged**

**MR safe**

**Not made with natural rubber latex**
