

# Oxygen Concentrators

McKesson oxygen concentrators are built to support dependable oxygen therapy across a variety of care settings. Offered in 5-liter, 10-liter, and portable models, each unit includes an integrated Oxygen Sensing Device (OSD®) that monitors oxygen purity after stabilization, along with intuitive controls and built-in safety alarms. From high-output stationary units to lightweight portable options, McKesson’s concentrators deliver consistent oxygen levels, quiet operation, and practical design features that enhance usability and transport.
