

## Hydrophilic Foam Dressing with PHMB

McKesson's hydrophilic foam dressing with PHMB is a sterile wound dressing which provides a moist wound healing environment. This absorbent dressing is designed for moderately to heavily exuding wounds. McKesson's hydrophilic foam dressing is semi-occlusive, allowing the exchange of gases such as oxygen and water vapor. The dressing is laminated to a pink, low friction, waterproof polyurethane film which provides a bacterial barrier to the wound. The wound contact layer side of the dressing has a clear perforated film which protects the wound bed from adhering to the dressing. The perforations in the wound contact layer allow the uptake of exudate.

### Features and Benefits

- Provides fast-wicking action
- Superior aeration
- Excellent absorbency
- Promotes healing through a moist wound environment
- Helps prevent recolonization
- Reduces the risk of maceration
- Conformable
- Waterproof and bacterial barrier
- PHMB kills and inhibits the growth of bacteria
- Not made with natural rubber latex

#### Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit within 12 months from the purchase date. McKesson Brands' satisfaction guarantee is limited to products purchased directly from McKesson. If a McKesson Brands product is not purchased directly from McKesson, any return request or request for refund must be directed to the selling party.

#### Never Compromise on Care<sup>SM</sup>

With McKesson Brands, you'll never have to compromise. We deliver quality products at competitive prices, backed by our 100% satisfaction guarantee. We have decades of experience in the market, and we offer you support and work to help ensure you have the products you need, when you need them—making it even easier for you to provide the best care for your patients.

The product information contained in this document, including the product images and additional product materials, was collected from various supplier sources. All product claims and specifications are those of the product suppliers and have not been independently verified by McKesson Medical-Surgical or its affiliates ("McKesson"). McKesson is not responsible for errors or omissions in the product information.

The properties of a product may change or be inaccurate following the posting or printing of the product information in the document, either in the print or online version. Caution should be exercised when using or purchasing any products from McKesson's online or print documents by closely examining the product packaging and the labeling prior to use.

Due to product changes, information listed in this document is subject to change without notice. This information is placed solely for your convenience in ordering and McKesson disclaims all responsibility for its completeness and accuracy, whether or not the inaccuracy or incompleteness is due to fault or error by McKesson.
