

Blood draw chairs

McKesson offers a wide selection of blood draw chairs with features that benefit phlebotomists and patients. The cylindrical design and single control knob of McKesson blood draw chairs enable users to conveniently lower, raise, and rotate the full arm length into varying positions, creating a more comfortable patient experience. The durable solid steel frame, robust weight capacity, and adjustable levelers on all four chair legs help improve strength and stability. Choose McKesson blood draw chairs for durability, ease-of-use, and reliability.
