

## Handheld Showerhead

Enhance your shower experience with McKesson's single-setting handheld showerhead. Its generous, 80-inch reinforced shower hose provides the freedom and flexibility to shower while seated in a bath bench or stool. It delivers a water-conserving flow rate of 1.7 gallons per minute without sacrificing performance. The on/off button on the handle enables you to stop the flow of water. McKesson's handheld showerhead is easy to install and offers a convenient and affordable way to enrich your daily shower experience.

### Features and Benefits

- Includes diverter valve allowing user to conveniently switch from handheld spray to the mounted showerhead (mounting bracket included)
- Provides a CEC-compliant flow rate up to 1.7 GPM
- On/Off switch on handle conveniently pauses waterflow
- Enables multiple position options with wall holder for traditional shower use and extra-long, 80-inch, reinforced-nylon hose when assistance or a seated position is required
- Easy-to-install with standard 1/2 in, threaded MIP connections
- Complies with the requirements of ASME 112.18.1-2012 and CSA B125.1-12 Section 5.4
- Retail packaging
- Not made with natural rubber latex
