

## Integrated Wall System

McKesson's Green Series™ 777 integrated wall system puts all the essential diagnostic tools easily within reach. For one exam room or for an entire facility, the Green Series 777 Wall System is configurable to include your choice of ophthalmoscopes, otoscopes, thermometry, blood pressure, and vital sign devices. McKesson wall systems deliver familiar ease with improved durability and robust enhancements, including wider views, the ability to capture and share images, and energy-efficient LED technology in our otoscope and ophthalmoscope devices. Standardize with McKesson wall systems to help ensure your entire facility, McKesson wall systems are consistent and energy efficient manner to improve workflow and your bottom line.

### Features and Benefits

- Energy-efficient to help reduce costs
- Improve workflow and save energy with automatic on/off
- Configurable to include ophthalmoscopes, otoscopes, and other instruments
- No on/off switch reduces contact to help reduce the risk of cross-contamination
- Increase productivity by avoiding time wasted searching for instruments/cuffs
- Not made with natural rubber latex
