

You've been upgraded!

Please welcome the new and thoughtfully redesigned Zetuvit® Plus Silicone Border. The squares and rectangles you love now include shapes such as Heel, Sacrum, and Ovals!

Silicone SAP dressings with 5-Layer design

What's **new** on the dressing compared to the previous version?

- 50% higher breathability
- Reduced overall thickness
- Improved fluid distribution
- Increased weld strength
- Rounded pad corners
- Product name on the back
- Absorbent pad size increased
- 12 total size options for a variety of wounds

What's **new** on the packaging compared to the previous version?

- QR Code on box directs to application videos
- Application Pictograms on folding box and peel pouch
- See through Latex-Free peel pouch
- Boxes are smaller than previous version.

The New Zetuvit® Plus Silicone Border will have new item numbers.

Please prepare for a seamless transition by setting up the new item numbers and transferring demand to the new sku numbers
