

Ankle Brace

McKesson offers a line of high-quality soft goods for orthopedic treatment and rehabilitation. Our products provide comfort and security for patients recovering from orthopedic surgeries, injuries or accidents. Soft and comfortable to wear, they are designed to achieve an anatomically correct fit. The line includes shoulder and knee immobilizers, arm slings, wrist and forearm splints, and more. McKesson provides a combination of quality, integrity and value in every product for orthopedic treatment.

Features and Benefits

Ankle Brace with Figure-Eight Strapping

- Low-profile, lace-up design with figure-eight strapping to lock the calcaneus into place and help control inversion/eversion
- Full circumferential elastic strap secures all strapping and helps provide compression and high-ankle stabilization
- Used to support for acute ankle sprains, chronic ankle sprains, prophylactic use
- Fits comfortably in athletic or street shoes
- Unisex style fits both males and females
- Individually packaged for retail use
- Not made with natural rubber latex

Stirrup Ankle Brace with Air & Gel Bladder

- Used to support for acute injuries of the ankle
- Rigid shells with adjustable heel strap to help prevent inversion/eversion
- Air and gel bladder may be used for cold therapy on swollen ankles by placing gel bags in the freezer for 2 hours
- Low-profile brace fits comfortably in athletic or street shoes
- Unisex style fits both males and females
- Individually packaged for retail use
- Not made with natural rubber latex
