

Male guards

Designed specifically for men, McKesson male guards deliver up to twelve hours of leak protection. They include an inner shield with an acquisition layer that transfers fluid into the core. An adhesive strip keeps the guard in place for a secure fit in classic underwear or briefs (not for use with boxers). McKesson male guards are free from chlorine bleaching, fragrance, parabens, lotion, and natural rubber latex and meet OEKO-TEX® STANDARD 100. The individually wrapped pads provide hygienic and discreet on-the-go use and disposal.
