

## OPA/28 Disinfectant

McKesson OPA/28 disinfectant is a high-level, ready-to-use solution that provides a superior way to reprocess heat-sensitive, semi-critical medical devices that are unsuitable for sterilization. McKesson OPA/28 test strips verify the efficacy of McKesson OPA/28 solution. The user should test for the minimum effective concentration (MEC) prior to each use. McKesson OPA/28 test strips provides a fast disinfectant reaction time and user-friendly color comparison chart. McKesson OPA/28 disinfectant helps ensure a safe and healthy environment for patients and staff.

### Features and Benefits
