

# Medline Remedy® Skincare

The skincare clinicians need now, more than ever.

The pandemic has led to clinicians washing their hands, applying alcohol-based sanitizers and donning gloves with greater frequency than ever. All these necessary actions serve to breakdown skin's natural defenses, leading to dry, itchy hands as well as more serious skin issues.

As the leading provider of skincare for the healthcare industry, Medline Remedy® is perfectly equipped to helping you keep clinician's hands healthy, comfortable and providing the best possible care.
