Re: SDS Requests

To Whom It May Concern:

This letter is in response to recent requests for Safety Data Sheets for Aso LLC products.

Aso LLC has reviewed 29CFR 1910.1200(c) of the Federal Register OSHA Hazards Communication Regulations and has made the following determination.

Aso LLC products meet the definition of an "Article" and are therefore exempt from OSHA Hazards Communication Regulations.

An "Article", as defined, is a manufactured item which:

- 1) is formed to a specific shape or design during manufacture,
- 2) has end use functions dependent in whole or in part upon its shape or design during end use, and
- 3) does not release or otherwise result in exposure to a hazardous chemical under normal conditions of use.

If you have any questions or require any additional information, please feel free to contact me at (941) 379-0300.

Sincerely,

A handwritten signature in black ink, appearing to read 'F. Juliao'.

Federico Juliao
Director of Regulatory Affairs
