

Safety Data Sheet – Product #: SNS00650

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: : Adhesive remover
 Product identifier number : SNS00650

1.2. Recommended use and restrictions on use

Recommended use : Remove oil, dirt and adhesive residue from skin

1.3. Details of the supplier of the safety data sheet

Manufacturer:
 Safe n Simple LLC 5827 Terex Clarkston, MI 48346 USA Phone: 844-767-6334

1.4. Emergency telephone number

Emergency number : 1-844-767-6334

SECTION 2: Hazards identification

2.1. Emergency Overview

May cause eye irritation. May be harmful if inhaled or swallowed. Do not swallow.

2.2. Potential Health Effects

Eye Contact: : May cause irritation
 Skin Contact: Inhalation: : Repeated or prolong contact may cause skin dryness or cracking.
 :High vapor concentrations may cause headaches, dizziness, anesthesia,
 Ingestion: drowsiness, unconsciousness, and other central nervous system effects. : May be aspirated and cause lung damage

SECTION 3: Composition/information on ingredients

3.1. Substance

Chemical Name	CAS Number	Percentage
Isoparaffin	64742-48-9	<50%
Petroleum Naphtha	64742-89-8	<15%
Isopropyl Alcohol	67-63-0	<5%
Isopropyl Palmitate	142-91-6	<5%
Isopropyl myristate	110-27-0	<5%
Isopropyl stearate	112-10-7	<5%
Nonwoven	None	<50%

The specific chemical identity and/or exact percentage (concentration) of this composition has been withheld as a trade secret.

SECTION 4: First aid measures

4.1. Description of first aid measures

Adhesive remover

Safety Data Sheet

Inhalation : Remove from further exposure. Use adequate respiratory protection. If respiratory irritation, dizziness, nausea, or unconsciousness occurs, seek immediate medical assistance. If breathing has stopped, assist ventilation with a medical device or use mouth to mouth resuscitation.

Skin Contact : Wash contact areas with soap and water. Remove contaminated clothing. Launder contaminated

4.2. Most important symptoms and effects, both acute and delayed

clothing before reuse.

Eye Contact : Immediately flush eyes with plenty of water. If irritation occurs, get medical attention

If Swallowed : Seek immediate medical attention. Do not induce vomiting.

Symptoms/injuries : Not expected to present a significant hazard under anticipated conditions of normal use.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

EN (English US)

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media : Foam. Carbon dioxide. Sand.

5.2. Special hazards arising from the substance or mixture

Hazardous Combustion Products : Carbon oxides, Silicone oxides, Formaldehyde

5.3. Advice for firefighters

Firefighting instructions : Hazardous material. Self-contained breathing apparatus and full protective clothing should be worn when fighting chemical fires. Vapors are flammable and heavier than air, may travel across the ground and reach remote ignition sources causing a flashback fire danger.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

6.1.1. For non-emergency personnel

Emergency procedures : Avoid contact with spilled material. See Section 4 for First Aid advice.

6.1.2. For emergency responders

Protective equipment : Equip cleanup crew with proper protection.

Emergency procedures : Ventilate area.

6.2. Notification Procedures

U.S. regulations require reporting releases of this material to the environment which exceed the applicable reportable quantity which could reach any waterway.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up : Prevent entry into sewer, basements or confined areas. A vapor suppressing foam may be used to reduce vapors. Use clean non-sparking tools to collect absorbed material. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers.

6.4. Reference to other sections

See Heading 8. Exposure controls and personal protection.

EN (English US)

2/7

Adhesive remover

Safety Data Sheet

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling : Wash hands and other exposed areas with mild soap and water before eat, drink or smoke and when leaving work. Provide good ventilation in process area to prevent formation of vapor.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use.

Incompatible products : Strong bases. strong acids.

Incompatible materials : Sources of ignition. Direct sunlight.

7.3. Specific end use(s)

No additional information available

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Engineering Controls Adequate ventilation so that exposure limits are not exceeded.

8.2. Exposure controls

Personal protective equipment : Avoid all unnecessary exposure.

Hand protection : Wash hands thoroughly after handling. If working with large quantities of this product, use chemical and oil resistant gloves and clothing, and appropriate eye protection..

Eye protection : None required during normal administration or use of this product. When handling large quantities, use approved eye protection to safeguard against potential eye contact..

Respiratory protection : Not applicable, aerosol formation is extremely unlikely for normal use. When handling large quantities an approved respirator may be used if engineering controls do not maintain airborne contaminant concentration at a level to adequately protect a workers health.

Other information : When using, do not eat, drink or smoke.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state : Wet wipe

Color : White .

Odor : characteristic

Odor threshold available : No data available
pH : 6-7

Relative evaporation rate (butyl acetate=1) : No data available

Melting point : No data available

Freezing point : No data available

Boiling point : No data available

Adhesive remover

Safety Data Sheet

Flash point	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Flammability (solid, gas)	: No data available
Vapor pressure	: No data available
Relative vapor density at 20 °C	: No data available
Relative density	: No data available
Solubility	: Water:
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Explosive limits	: No data available

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity

No additional information available

10.2. Chemical stability

Stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.

10.3. Possibility of hazardous reactions

Not established.

10.4. Conditions to avoid

Direct sunlight. Extremely high or low temperatures. Avoid heat, sparks, open flames and other ignition sources.

10.5. Incompatible materials

Avoid contact with strong oxidizing agents

10.6. Hazardous decomposition products

Material does not decompose at ambient temperatures.

Adhesive remover

Safety Data Sheet

SECTION 11: Toxicological information

Prolonged or repeated skin contact with this product tends to remove skin oils, possibly leading to irritation and dermatitis; however, based on human experience and available toxicological data, these products judged to be neither a "corrosive" nor an "irritant" by OSHA criteria.

Small amounts of liquid aspirated into the lungs during ingestion or from vomiting may cause chemical pneumonitis or pulmonary edema.

SECTION 12: Ecological information

Prevent spilled material from entering sewers, storm drains, other unauthorized drainage systems, and natural waterways. Not expected to be harmful to aquatic organisms or demonstrate chronic toxicity to aquatic organisms.

12.1. Toxicity

No additional information available

12.2. Persistence and degradability

Persistence and degradability	Not established.
-------------------------------	------------------

12.3. Bio-accumulative potential

Bio-accumulative potential	Not established.
----------------------------	------------------

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

Effect on ozone layer : No additional information available

Effect on the global warming : No known ecological damage caused by this product.

: Avoid release to the environment.

Other information

SECTION 13: Disposal considerations

For small quantities, product is suitable for burning in an enclosed controlled burner for fuel value or disposal by supervised incineration at very high temperature to prevent formation of undesirable combustion product. Disposal of the used product may also be regulated due to ignitability, corrosivity, reactivity or toxicity as determined by the Toxicity Characteristic Leaching Procedure (TCLP). For large quantities, any disposal practice must be in compliance with local, state and federal laws and regulations (contact local or state environmental agency for specific rules). Do not dispose of via sinks, drains, or into immediate environment.

13.1. Waste treatment methods

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.

Adhesive remover

Safety Data Sheet

Ecology - waste materials : Avoid release to the environment.

SECTION 14: Transport information

Additional information

Land (DOT) : Flammable liquid or combustible liquid. This material is not regulated under 49 CFR in a container of 119 gallons or less.

:

Land (TDG) : Flammable liquid or combustible liquid. This material is not regulated under 49 CFR in a container of 119 gallons or less.

Transport document description

Transport by sea (IMDG)

No additional information available

: This product is considered a flammable liquid. Bulk or non-bulk packaging. UN1268, Petroleum Distillates, N.O.S., 3, PG III Finished Product: Shipped under Consumer Commodity.

Air transport

No additional information available

This product is considered a flammable liquid. Bulk or non-bulk packaging. UN1268, Petroleum Distillates, N.O.S., 3, PG III Finished Product: Shipped under Consumer Commodity.

SECTION 15: Regulatory information

15.1. US Federal regulations

TSCA: Exempt
CERCLA: This product contains no components subject to reporting or notification requirements.
SARA (311/312) Reportable Hazard Category: Fire
SARA (313) Toxic Release Inventory: This product contains no chemicals subject to the supplier notification requirements.

15.2. International regulations CANADA

No additional information available

EU-Regulations

No additional information available

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Not classified

Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]

Not classified

15.2.2. National regulations

No additional information available

15.3. US State regulations

No additional information available

SECTION 16: Other information

Other information : None.

Adhesive remover

Safety Data Sheet

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product
