Reorder #'s 1314-15-16-18-19-20

Reviewed on 1/7/15

SAFETY DATA SHEET

Section 1, Identification

Product/Trade Name: Adult Wipes

Production use: For adult's general skin cleansings

Manufacturer's Name: Dynarex Corporation

Manufacturer's Address: 10 Glenshaw Street
Orangeburg, NY 10962

Information & Emerg. Phone (888)-DYNAREX (Mon – Fri)

No.: At other times, contact the local Poison Control Center

Section 2, Hazard(s) identification

Potential health effects: -Eye Contact: Not expected to present a hazard to the eyes under normal conditions of use but direct contact of the impregnating fluid with the eyes may cause slight transitory irritation.

-Skin Contact: This product is expected to contact with skin.

-Inhalation: Not expected to present an inhalation hazard under normal conditions of use.

-Ingestion: Not expected to present an ingestion hazard under normal conditions of use.

Note: Please refer to section 8 for information for personal protection.

Section 3, Composition/information on ingredients

An aqueous solution of a proprietary blend of humectant, solubiliser, emollient, nonionic surfactant, amphoteric surfactant and a preservative system impregnated onto a non-woven fabric.

Telephone: (845) 365-8200 * Website: www.dynarex.com
Toll Free: (888) DYNAREX * Website: www.thcnet.com
Fax: (845) 365-8201

Product ingredients: Aqua, Propylene Glycol, Disodium Cocoamphodiacetate, Aloe Barbadensis Leaf Extract, Lanolin, PEG40 Hydrogenated Castor Oil, Phenoxyethanol, Polysorbate 20, Disodium EDTA, Methychloroisothiazolinone, Methylisothiazolinone, 2-Bromo-2-Nitropropane-1,3-Diol, Citric Acid, Fragrance.

Section 4, First-aid measures

General: In all cause of doubt, or when symptoms persist, seek medical attention.

Eye contact: Rinse immediately with plenty of water, also under the eye lids, for at least 15 minutes. Obtain medical attention if irritation persists.

Inhalation: Move to fresh air. Seek medical advice if cough, shortness of breath or other respiratory problems occur.

Skin contact: Seek medical advice if redness, swelling, itching or burning occur.

Ingestion: Not a likely route. Call a physician or poison control center immediately.

Section 5, Fire-fighting measures

Flammability: Material cannot burn unless preheat and requires a continuous flame source to ignite.

Extinguishing media: Water spray, Dry chemical power, Foam

Note: The person responsible for firefighting should use the appropriate clothing and breathing apparatus.

Section 6, Accidental release measures

Personal precautions: Avoid direct contact of the impregnating fluid with the eyes.

Clean up procedures: Absorb any impregnating fluid onto a suitable inert material and collect mechanically with spilled product for subsequent disposal.

Section 7, Handling and storage

Handling: No special measures required but avoid direct contact of the impregnating fluid with the eyes.

Telephone: (845) 365-8200 * Website: www.dynarex.com
Toll Free: (888) DYNAREX * Website: www.thcnet.com
Fax: (845) 365-8201

Storage: Store under normal warehouse conditions.

Section 8, Exposure controls/personal protection

Exposure controls: No assigned values for the ingredients of this preparation.

Personal protection: None required under normal conditions of use.

Section 9, Physical and chemical properties

State: Non-woven fabric wipes impregnated with a colorless solution

Color: White

Odor: Characteristics

pH of impregnating fluid: ca.4.5-5.5

Flammability: Non-flammable

Solubility: Impregnating fluid completely miscible with water

Section 10, Stability and reactivity

Stability: This preparation is stable under normal conditions of storage/use and no chemical incompatibility is known.

Section 11, Toxicological information

General: Based on the ingredients present and their concentrations, this preparation is, according to the conventional method of Directive 1999/45/EC and subsequent amendments, classified as not 'Dangerous' according to health criteria.

Acute oral: The oral LD50 (rat) value for the impregnating fluid calculated from those of the individual ingredients is >10,000 mg/kg.

Section 12, Ecological information

General: Based on the ingredients present and their concentrations, this preparation is, according to the conventional method of Directive 1999/45/EC and subsequent amendments, classified as not 'Dangerous' to the environment. The surfactant ingredients contained in this

preparation comply with the biodegradability criteria as laid down in Regulation (EC) 648/2004.

Section 13, Disposal considerations

General: The material is not considered a hazardous waste.

Waste disposal: Do not flush and dispose of the preparation in accordance with local and national regulations.

Section 14, Transport information

General: This preparation is not classified as 'Hazardous' for transport purposes.

International Air Transportation Association Classification - (IATA): The material is not classified as hazardous under IATA regulations.

International Maritime Organization (IMDG): This material is not classified as hazardous under IMDG regulations.

Section 15, Regulatory information

EC Classification/

Label Information: This preparation is not classified as 'Hazardous' for labelling purposes.

Ingredients: Aqua, Propylene glycol, Polysorbate-20, Aloe barbadensis leaf extract, PEG-75 lanolin, PEG-40 hydrogenated castor oil, Disodium cocoamphodiacetate, Fragrance, Bronopol, Disodium EDTA, Citric acid, Methylchloroisothiazolinone, Methylisothiazoline

Keep out of reach of children.

Avoid contact with eyes.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
