

Safety Data Sheet

1 Identification

GHS Product Identifier

MD Solar Science - Wash Away Cleanser

Other means of identification

21P1189653.02

Recommended use of the chemical and restriction on use

Personal Care

Supplier's details

PhytogenX Inc.
35 Thousand Oaks Boulevard
Morgantown, PA 19543
610-286-0111

Emergency phone number

Emergency 24HR : Chemtrec
Phone: 1-800-424-9300

2 Hazard(s) identification

Classification of the substance or mixture

This material is NOT HAZARDOUS according to the OSHA Hazard Communication Standard, 29 CFR 1910.1200

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

GHS label elements

Other hazards which do not result in classification

Eye: Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

3 Composition/information on ingredients

Description	CAS Number	EINECS Number	%	Note
-------------	------------	---------------	---	------

0 There are no ingredients present that are classified as hazardous or ingredients are below the

4 First-aid measures

Description of necessary first-aid measures

Eye: Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem: Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

Ingestion: Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

Inhalation: If respiratory irritation occurs, remove individual to fresh air.

5 Fire-fighting measures

Suitable extinguishing media

Flash Point: Not applicable.

Extinguishing Media: Non- Flammable.

Explosion Hazard: No applicable information has been found.

Specific hazards arising from the chemical

None

Special protective actions for fire-fighters

None

6 Accidental release measures

Methods and materials for containment and cleaning up

Household Settings: No applicable information.

Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist, use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

7 Handling and storage

Precautions for safe handling

Household Settings: No applicable information has been found.

Non-Household Settings: Store at room temperature. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area. Wear Safety glasses.

Conditions for safe storage, including any incompatibilities

Household Settings: No applicable information has been found.

Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

8 Exposure controls/personal protection

Control parameters

Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

Non-Household Settings: Use safety glasses or safety goggles if splash hazard exist; use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

9 Physical and chemical properties

Physical and chemical properties

Physical State: Liquid

Color: White

Odor: N/A

pH @ 25°C: 5.50 - 5.70

Viscosity @ 25°C Brookfield

Spindle #6 @ 10 rpm, 60 seconds: 3,500 - 6,000 cPs

Vapor Pressure (mm Hg.): N/A

Vapor Density (AIR = 1):N/A

Boiling Point: N/A

Melting Point: N/A

Specific Gravity @ 25°C: 1.005 - 1.015

Evaporation Rate: >.1

Solubility in Water: Soluble

10 Stability and reactivity

Chemical stability

Stable

Possibility of hazardous reactions

No applicable information has been found.

Conditions to avoid

No applicable information has been found.

Incompatible materials

No applicable information has been found.

Hazardous decomposition products

No applicable information has been found.

11 Toxicological information

Toxicological (health) effects

Non-Toxic

Information on the likely routes of exposure

No applicable information has been found.

Symptoms related to the physical, chemical and toxicological characteristics

No applicable information has been found.

Delayed and immediate effects and also chronic effects from short and long term exposure

No applicable information has been found.

Numerical measures of toxicity (such as acute toxicity estimates)

No applicable information has been found.

Interactive effects

No applicable information has been found.

Where specific chemical data are not available

No applicable information has been found.

Mixtures

No applicable information has been found.

Mixture versus ingredient information

No applicable information has been found.

Other information

No applicable information has been found.

12 Ecological information**Toxicity**

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

13 Disposal considerations**Disposal methods**

Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

14 Transport information**Transport hazard class(es)**

For finished packaged product transported by ground (DOT): Non-hazardous

For finished packaged product transported by sea (IMDG): Non-hazardous

For finished packaged product transported by air (IATA): Non-hazardous

15 Regulatory information

Safety, health and environmental regulations specific for the product in question

US Federal

The products described in this Material Safety Data Sheet are regulated under the Federal Food, Drug and Cosmetics Act and are safe to use as per directions on container, box or accompanying literature (where applicable).

SARA 313/302/304/311/312 chemicals: None.

US States

CA Prop 65: This product is not subject to warning labeling under California Proposition 65.

16 Other information

Other information

This information is provided for documentation purposes only. This cosmetic product it is not considered hazardous. The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.

Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

This Safety Data Sheet has been prepared in accordance with 29CFR 1910-1200
