

LTC Universal Bed Transporter

One Bed Transporter Moves All Your Drive Beds

Our new LTC Universal Bed Transporter **makes it safer and easier than ever before** to relocate any Drive Medical Long Term Care bed quickly and efficiently, **helping to reduce the risk of injury or strain.**

Benefits and Features

Helps Minimize Risk of Costly Injuries

Eliminate the need for staff to manually lift or push Drive Medical Long Term Care beds to relocate them—beds remain securely in place during transport thanks to precise connection points for added safety and control.

Efficient Relocation

Features tool-free attachment and removal so staff can move more beds throughout your facility quickly and efficiently.

Easy Navigation Through Tough Spaces

Compact design facilitates smoother navigation through narrow or crowded spaces and across various flooring surfaces for safer, more efficient bed relocation with less disruption to residents.

Lasting Quality for Daily Use

Steel construction and durable casters support long-term use in high-demand facilities.
