

# Steel Knockdown Rollator

- 

1 Ergonomic hand grip with easy to use loop-lock handbrakes provides comfort & control
- 

2 Push down on the handbrake to engage parking brake feature
- 

3 Strong, durable steel frame supports up to 350 lbs.
- 

4 For a customized fit, easily adjust the handle height with self-threading knob
- 

5 Padded backrest provides additional support when in a seated position, & can be folded up or down, or removed entirely
- 

6 Padded seat allows you to take a break when needed & remain comfortable during periods of extended sitting
- 

7 Convenient storage pouch under seat for easy access to your personal items
- 

8 6" wheels are ideal for maneuvering both indoors & outdoors

Constructed of durable steel, the Knockdown Rollator is jam-packed with features to keep it a step ahead of the competition, including a 350 lb. weight capacity, small footprint for optimal shelf & storage space, & retail packaging to help your customers self-educate on product features & benefits. Introduce your customers to the perfect solution for maintaining their independence & mobility.
